BOYS ARE GUESTS OF THE ROTARIANS OF OGDEN

That members of the "Boys and Girls' Club" of Weber county, produced various farm products, the total value of which is \$12,134.60, is the statement in the annual report of the club.

The report showed that thirteen projects were successfully carried out. Seven hundred and fifty boys and girls were included in the club and of this number three hundred and forty-nine completed self-imposed tasks.

Five hundred bushels of potatoes were produced by club members, five hundred and twenty-five tons of sugar beets, and twenty-nine and seven-tenths tons of tomatoes.

In the live stock project 805 chickens were raised. One hundred and nineteen pigs and one hundred and thirty-five sheep were also included in this project.

This work was largely the accomplishment of the boy members.

That the girls also were active in their departments of the club work, is shown in the reports on sewing, canning and baking. Six hundred and one pieces of sewing were completed during the year by the girl club members, while three thousand, one hundred and sixty-nine quarts of fruit and vegetables were canned for the winter.

Two thousand seven hundred and twenty-two articles were completed in the baking projects, indicating that the girls are desirous of mastering culinary science.

The products of the club members were made at the cost of \$5,915.46, and net profits for the year amounted to about \$7,057.32.

In the wage earning project the club members earned \$5,751.81, with \$2,345.44 of this amount deposited in savings banks.

The report also showed that among the members of the club, two thousand nine hundred and seventy-five dollars have been invested in Liberty bonds, and four thousand fifty-four dollars in war savings stamps.

Sixteen communities are interested in the club work and the results during the past year have been very successful, due to the local leaders, according to County Leader A. J. Taylor. Mr. Taylor stated this morning that while the boys and girls worked hard in the matter of developing their various projects, that the leaders of the club work in various communities, displayed considerable interest and devoted much time to the projects of the children.

Plans are being made for an even more successful season next year. Shortly after December 1, Mr. Taylor will take charge of the children's clubs and will organize them throughout the winter, with the view of starting early next spring. He states that, in addition to affording the children a financial gain, the experience gained by the club work is of inestimable value in the development of youthful agriculturists, who will probably continue on the farm after being taught the proper methods of production and management.

Mike Gibbons, the St. Paul phantom, today completed training for their ten round bout here Friday night, so far as boxing is concerned. Both fighters declared they were at weight and in top notch condition.

Twin City newspapers announced that the prevailing odds have increased to 19 to 7 on Gibbons, as a consequence of his improved showing this week. One reason given for the fact that Gibbons has become the favorite is the opinion of some experts that O'Dowd's wide open style will prove an asset for Gibbons, provided the phantom can prove he's the wonderful boxer he was three years ago.

Pageant to Be Given at the Park

As part of the campaign being carried out in Ogden schools for "Better English" week, a pageant will be given Friday afternoon in Lester park. Committees have been chosen and many teachers have reported favorably on the plans which are being worked out.

Practically all students of the various school will take part. A parade will be held and the Industrial school band will lead. Banners and posters, bearing legends relative to good English week, will be carried by the students who will march through the business district prior to the pageant.

NORMAN SIMS

Returned Soldiers at a Party Given in Their Honor.

Tuesday evening at the home of Mr. and Mrs. J. Pierce Graham in Eden, a delightful party was arranged in honor of Elders Josiah Fern and Leonard Fuller, who have just returned from Australia, where they have been laboring successfully as missionaries of the Mormon church.

Practically all the young people of the ward participated in the functions of the evening.

Many friends and relatives from Salt Lake City and surrounding towns were in attendance to welcome the returned elders.

PISO'S

BOBBIE COLE RESTORED

CHICAGO, Nov. 20.—Bobbie Cole, University of Chicago halfback, today was restored to eligibility, having made up the deficiency in his studies that kept him out of Michigan and Iowa games. He found a hard fight on his hands for a place on the team in the Wisconsin game next Saturday, however, as Bud Hutchinson proved a much better player than had been expected.

Some people never change their minds because they are like the man with only one shirt.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children like it eagerly.

You can feel it's a take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

EXTENSIVE PLANS FOR M. I. A. DANCE NOVEMBER 28

Announcements concerning the tri-state mutual improvement dance, to be held the Friday following Thanksgiving, were made last evening at mutual meetings throughout the city. The dance will commemorate the fifteenth anniversary of the association and it is expected to be one of the big social events of the season.

Special feature dances, one especially, which is being arranged for former officers of the organization, will be introduced. A number of the ladies as well as some of the sterner sex will be arrayed in the styles of fifty years ago.

Reports from various wards concerning the membership drive, indicate that practically all the Y. W. M. I. A.'s have gone over the top with their ward quota, while the Young men's organization needs but few members to complete their enrollment.

Mutual improvement work this season is reported to be much more interesting than ever before and to accommodate the older members of the wards, an advance senior class has been organized.

BOYS' AND GIRLS' CLUB OF COUNTY MAKES REMARKABLE SHOWING IN WORK DURING THE YEAR

Thirty boys of Ogden were entertained by "Big Brother" Rotarians last evening at a banquet, given at the Weber club. Songs and laughter took up a big portion of the program, with talks and the distribution of prizes.

President Frank M. Driggs of the Ogden Rotary club presided at the event and acted as toastmaster. The speakers were Rev. John Edward Carver, Scout Executive Goates of Ogden and Oscar Kirkham of Salt Lake, as well as President Driggs. George Glen directed the musical program. Leslie Hodgson had charge of several "stunts" and with Fred C. Taylor handled the distribution of the prizes.
